

OCA-Greater Houston 2018 Board Members

Cecil Fong, President

Cecil is the President of Education Rainbow Challenge, which is a non-profit organization geared toward raising interest in math and science for inner city kids via semi-annual math challenges and hands-on science experiments. Cecil also serves as the Executive Director for Diversity Summit which is an annual conference aimed to promote Diversity and Inclusion in the workplace. Cecil is the current President of OCA Greater Houston. He is a senior fellow with Leadership Houston and with American Leadership Forum. Cecil retired from Shell Oil in 2011. With a career spanning 34 years, he has held a number technical and management positions in various business segments including Exploration & Production, Chemicals, Lubricants, Pipeline, Supply & Distribution, and Technology. He holds both Bachelor and Master degree in Chemical Engineering from Rice University.

Steven Wu, Vice President

Steven Wu is the Festival Advisor of the Houston Asian American Pacific Islander (HAAPI) Film Festival hosted by OCA-Greater Houston (OCA-GH). Steven first joined OCA-GH as a volunteer for the HAAPI Film Festival when he moved to Houston from Atlanta, but soon discovered love for the cause to take on a larger role and begin new initiatives for the festival (Local Shorts Competition, Student Film Competition, Filmmaker Workshops). Besides the Film Festival, Steven also co-founded and currently advises the TEA (Together Empowering All) Talks program in OCA-GH to facilitate community discussions on issues that affect the AAPI community and promote solidarity among all of our unique groups in Houston. While a Chemical Engineer by degree and traveler at heart, Steven's true passions lie in advancing the equality of AAPI's and minorities through the power of media and discussion.

Elaine F. Chan, PhD, Secretary

Elaine is a Sr. Client Services Manager at Medical Metrics, Inc. (MMI), an imaging core lab for clinical trials. She works with numerous pharmaceutical and medical device companies to analyze and interpret X-ray, CT, and MR data from their clinical trial patients. Elaine is responsible for managing client relationships, developing scientific consulting opportunities, and overseeing successful study completion. Her research interests include imaging and analysis of orthopedic medical devices and treatments, and her professional goal is to foster cross-cultural collaborations and assist Asia-based biotech companies to enter the US market. Elaine received her B.S. in Bioengineering from Rice University and her M.S. and Ph.D. in Bioengineering from the University of California – San Diego, with a research focus in cartilage tissue engineering and 3-D statistical shape modeling.

Anne Sung

Anne Sung is a product of Houston Independent School District and serves as the 1st Asian American School Board Trustee and Secretary for District VII. She graduated magna cum laude from Harvard University with a bachelor’s degree in physics and mathematics. She also earned master’s degrees in physics and public policy, also from Harvard. While a physics undergraduate at Harvard, Sung co-founded the Harvard-MIT Math Tournament, now one of the most prestigious high school math contests in the country. She fell in love with education as a young Teach for America corps member in the Rio Grande Valley. As a Physics Teacher Resource Agent with the American Association of Physics Teachers, she provided professional development to physics teachers in south and central Texas. Returning to her hometown of Houston, Sung then taught at Lee (now Wisdom) High School, where she taught physics and chaired the science department, and was named 2011 Teacher of the Year. Sung co-founded the group Community Voices for Public Education to give Houston students, parents, educators, and community members greater voice in strengthening public education. Her many other active community roles include serving as founding convener of the Capital One Northside Education Coalition; board member of OCA-

Greater Houston; and coach of the Texas American Regions Math League team. Sung was previously Director of Strategic Planning and Public Policy at the Harris County Sheriff's Office. She currently serves as Vice President and Chief Strategy Officer for Project GRAD Houston, which helps students in low-income neighborhoods develop and achieve their educational aspirations for college and career.
